

Greater Transparency into your Cleaning Strategy with Real-Time Validation

We want to partner with you to define, measure and validate your goals, creating healthy and safe environments for your employees. Cleaning Maps gives you full visibility and transparency into these cleaning efforts.

Real-time cleaning tracking by time, location and cleaning standard

Complete compliance documentation for evolving state and federal regulations

Updatable map display of office cleaning for employees (#1 workplace re-entry concern)

Training and implementation in less than 30 days across all stakeholders

Complimentary implementation by our team and cleaning crews

Full historical reporting by location, time, staff and compliance for your team

For more information, go to www.crowdcomfort.com/budd-group

A background image showing a person from behind, wearing a white shirt and blue gloves, cleaning a desk. The desk has a laptop, a keyboard, a mouse, and some papers. The image is overlaid with a semi-transparent red rectangle containing the title text.

Getting Started with Cleaning Maps & Analytics

- 1** We help you define and validate cleaning strategy for every area of your space
- 2** We digitize your floor plans and designate your cleaning areas with optional QR Code installation on site
- 3** Our training staff uses a mobile device to log every cleaning by each area's specific cleaning standards
- 4** We actively monitor every cleaning to ensure we meet your cleaning standards and review data with your team
