

Greater Transparency into your Cleaning Strategy with Real- Time Validation

We want to partner with you to define, measure and validate your goals, creating healthy and safe environments for your employees. Cleaning Maps gives you full visibility and transparency into these cleaning efforts.

Real-time cleaning tracking
by time, location and cleaning
standard

Complete compliance
documentation for evolving
state and federal regulations

Real-time reporting to ensure
agreed upon quality and
quantity metrics

Training and implementation
in less than 30 days across all
stakeholders

Complimentary
implementation by our team
and cleaning crews

Full historical reporting by
location, time, staff and
compliance for your team

Getting Started with Cleaning Maps & Analytics

- 1** We help you define and validate cleaning strategy for every area of your space
- 2** We digitize your floor plans and designate your cleaning areas with optional QR Code installation on site
- 3** Our training staff uses a mobile device to log every cleaning by each area's specific cleaning standards
- 4** We actively monitor every cleaning to ensure we meet your cleaning standards and review data with your team
